Company Overview

Bigger. Better. Bolder

Shree Color Coats, Chennai's leading and fast-growing powder coating brand, has continued to grow over the past ten years, establishing its footprints across various industry segments by consistently delivering high precision in production and supply, along with reliable finishes for both industrial and commercial applications.

Starting out as a small company in the year 2015 with a focus on providing quality coating powder and services while ensuring customer satisfaction, Shree Color Coats has grown rapidly to become one of Chennai's leading powder coating companies.

Shree Color Coats, an ISO-certified company, specializes in manufacturing epoxy polyester powder, pure polyester powder, and epoxy powder. We also provide powder coating services for industrial products, offering an extensive selection of colors and textures to meet diverse customer needs.

Our well equipped infrastructure facility processes ensure a durable, corrosion-resistant & visually appealing finish with high quality coatings for various metal surfaces inc: stainless steel, galvanized iron and aluminium.

Services. Coating Process.

Providing complete end-to-end turnkey solutions from sheet metal cutting to powder coating services inc:

- Sheet Metal Cutting
- Fabrication
- Sandblasting
- Seven Tank Pre-Treatment Process
- Powder Coating

COATING THICKNESS & QUALITY CONTROL

We strictly follow industry standards for powder coating thickness, maintaining a uniform coating between 60 – 90 microns.

Our team ensures every batch meets both quality benchmarks & specific customer requirements, verified through thorough inspection and testing protocols.

We specialize in high-quality powder coating solutions for metal components across the following categories:

- **Metal Components:**
Expert coating for Stainless Steel, GI and Aluminium
- **Automotive & Motorcycle Parts:**
Custom finishes for rims, frames, engine parts & accessories
- **Architectural Applications:**
Durable & Protective coatings for Steel Doors, Window Frames, Railings, Fences, and more
- **Industrial Equipment:**
Robust coatings for machinery, tools, and other industrial equipment
- **Furniture & Home Décor:**
Powder coating services for contemporary furnitures
- **Powder Coating Finishing Options:**
Matt, Satin, Glossy, Semi Glossy, Textured & Structured Finish

Available in various RAL color ranges

We take pride in introducing our premium brand “LUXOR SHIELD”, to the market and in our ability to deliver customized coating solutions - tailored to meet specific job requirements.

Our powder coating products are marketed under the brand name “LUXOR SHIELD”, which is known for its durability, finish quality, and performance.

While Shree Color Coats is the company behind the innovation and manufacturing, Luxor Shield represents the promise of quality our customers have come to expect in retail markets.

Shree Color Coats specializes in the manufacturing of epoxy polyester powders, pure polyester powders and epoxy powders. These are available in a wide range of RAL colors with high accuracy, ensuring consistent and reliable finishes for both industrial and commercial applications.

FEATURES

- Free from toxins and solvents
- High adhesive power, impact strength, and toughness
- Superior indoor durability
- Long-lasting and premier quality
- Superior adhesion properties
- Provides excellent corrosion protection
- Available in diverse shades and textures
- Provides a superior finish
- Non-toxic and solvent-free
- Extended life for coated surfaces/products
- Resistant to water and chemicals
- Developed using latest technology and rich in quality

It's been a privilege to work with our valued clients and vendors. Thank you for being an important part of our journey.
