

## Overview

**Shree Color Coats** is a leading powder coating company based in Chennai, specializing in the manufacturing of epoxy polyester and pure polyester powders in a wide range of RAL colors.

Established in 2015, **Shree Color Coats** is an ISO-certified company offering an extensive selection of colors and textures to meet diverse customer needs. We provide high-quality powder coatings for various metal surfaces, including Stainless Steel, Galvanized Iron and Aluminium.

In addition to manufacturing, we also offer powder coating services for OEMs and manufacturing industries. Our processes strictly adhere to stringent quality control standards at every stage, ensuring superior finish, durability, and customer satisfaction.

## Key Highlights

- Over 10 years of industry experience
- Trusted by more than 30 clients across Chennai
- A dedicated team of over 30 skilled workmen, ensuring consistent quality and timely execution

## COMPANY PROFILE:

Established in 2015, **Shree Color Coats** is an ISO-certified company offering an extensive selection of colors and textures to meet diverse customer needs.

At **Shree Color Coats**, we specialize in manufacturing epoxy polyester powder and providing advanced powder coating solutions. Our state-of-the-art processes ensure a durable, corrosion-resistant, and visually appealing finish. We offer a wide range of colors and textures to suit your needs, with high-quality coatings for various metal surfaces including stainless steel (SS), galvanized iron (GI), and aluminum.

With over a decade of experience, **we are dedicated to delivering** durable, eco-friendly, and visually appealing finishes **for metal products. Serving** commercial, industrial, and residential **sectors, our advanced powder coatings not only enhance surface aesthetics but also provide** long-lasting protection **against corrosion and the elements.**

---

### Our Mission

To transform metal surfaces with high-quality powder coatings that combine aesthetic excellence with robust protection. We are dedicated to exceeding customer expectations through superior durability, cutting-edge technology, and a relentless focus on satisfaction.

### Quality Assurance

We adhere to stringent quality control standards at every stage of the powder coating process. From meticulous surface preparation to precision curing, we ensure exceptional adhesion, durability, and finish consistency in every batch.

### Why Choose Us?

#### Complete Powder Coating Solutions for Every Surface

**Shree Color Coats** brings excellence and reliability to every powder coating project. Here's why customers trust us:

- **Unmatched Durability:** Our coatings are engineered to withstand scratches, chips, and corrosion for lasting protection.
- **Customizable Aesthetic:** Choose from an extensive selection of colors, textures, and finishes tailored to your vision.
- **Cost-Effective Solutions:** We offer premium quality at competitive prices.
- **Advanced Preparation Techniques:** Our meticulous surface preparation ensures flawless adhesion and a superior finish.
- **Proven Expertise:** Backed by industry knowledge and a commitment to quality, we deliver results that exceed expectations.

## SERVICES & COATING PROCESS

We offer complete, end-to-end **turnkey solutions** from sheet metal to finishing, including:

- Sheet Metal Cutting
- Fabrication
- Sandblasting
- Seven-Tank Pre-Treatment Process
- Powder Coating

We specialize in high-quality powder coating solutions across the following categories:

• **Metal Components:**

Expert coating for aluminum, steel, and other metal parts.

• **Automotive & Motorcycle Parts:**

Custom finishes for rims, frames, engine parts, and accessories.

• **Architectural Applications:**

Durable, protective coatings for doors, window frames, railings, fences, and more.

• **Industrial Equipment:**

Robust coatings for machinery, tools, and other industrial equipment.

• **Furniture & Home Décor:**

Powder coating services for contemporary indoor and outdoor furniture.

## METAL TYPES WE COAT

We provide powder coating solutions for the following materials:

1. **Stainless Steel (SS):**  
Adds visual appeal and protects against corrosion and wear.
2. **Galvanized Iron (GI):**  
Offers a premium finish with excellent resistance to environmental elements.
3. **Aluminum:**  
Enhances surface durability while allowing design flexibility.

## POWDER COATING FINISH OPTIONS

Choose from a range of finishes to suit your aesthetic and functional needs:

- Matte Finish
- Satin Finish
- Glossy Finish
- Semi Glossy Finish
- Textured Finish
- Structured Finish

## COATING PROCESS & TECHNOLOGIES

### Surface Preparation

Proper preparation is key to a flawless finish. Our process includes:

- **Thorough Cleaning:** Removes grease, dust, and contaminants.
- **Sandblasting or Grinding:** Ensures optimal adhesion of the powder.
- **Specialized Galvanized Steel Prep:** Customized treatments for lasting durability.

### Technologies We Use

- **Advanced Electrostatic Coating Equipment:** For even, smooth, and durable application.
- **State-of-the-Art Curing Ovens:** Delivering consistent, high-quality curing.
- **Custom Color Matching:** Precision color solutions tailored to your design preferences.

## COATING THICKNESS & QUALITY CONTROL

We strictly follow industry standards for powder coating thickness, maintaining a uniform coating between **60 – 90 microns**.

Our team ensures every batch meets both **quality benchmarks** and **specific customer requirements**, verified through thorough inspection and testing protocols.

## MANUFACTURING EXCELLENCE

Shree Color Coats is a trusted name in the powder coating industry, specializing in the manufacturing of high-quality powder coating materials such as Epoxy Polyester Powder, Pure Polyester Powder, and Epoxy Powder. We also offer professional powder coating services for stainless steel (SS), galvanized iron (GI), and aluminium materials.

Our powder coating products are marketed under the brand name **Luxor Shield™**, which is known for its durability, finish quality, and performance. While Shree Color Coats is the company behind the innovation and manufacturing, "Luxor Shield" represents the promise of quality our customers have come to expect in retail markets.

We take pride in introducing our premium brand, **Luxor Shield™**, to the market and in our ability to deliver customized coating solutions - tailored to meet specific job requirements in both quantity and quality.

**Our powder coatings are manufactured using high-precision equipment, including:**

- Twin-Screw Extruders
- Air Classifying Mills
- High-Speed Mixers

At our well-equipped manufacturing unit, we adhere to strict quality control measures and best practices to ensure consistent performance, vibrant finish, and long-lasting protection in every batch.

**We manufacture and supply:**

- Epoxy Polyester Powder**
- Pure Polyester Powder**
- Epoxy Powder**

### 1. Epoxy Polyester Powder Coatings

**Features & Advantages:**

- Free from toxins and solvents
- High adhesive power, impact strength, and toughness
- Superior indoor durability
- Long-lasting and premier quality
- Available in diverse shades and textures
- Provides a superior finish

## 2. Pure Polyester Powder Coatings

### Features & Advantages:

- Superior adhesion properties
- Excellent flow-out and mechanical strength
- Good chemical and corrosion resistance
- High resistance to atmospheric ageing and UV light
- Superb exterior durability
- Available in diverse shades and patterns
- Excellent in UV and humidity resistance
- Provides excellent corrosion protection

## 3. Epoxy Powder Coatings

### Features & Advantages:

- Improved adhesive power and strength bond
- Non-toxic and solvent-free
- Extended life for coated surfaces/products
- High-level matt finish
- Durable and long-lasting
- Better coverage
- Resistant to water and chemicals
- Developed using latest technology and rich in quality

## ABOUT OUR BRAND:

### Luxor Shield™

We take pride in introducing our premium brand, **Luxor Shield™**, to the market and in our ability to deliver customized coating solutions - tailored to meet specific job requirements in both quantity and quality.

**Luxor Shield** is our premium range of powder coatings, designed to deliver unmatched **protection, durability, and aesthetic appeal** across a wide variety of applications. Formulated using high-quality raw materials and advanced manufacturing processes, **Luxor Shield provides:**

- **Exceptional resistance** to corrosion, UV exposure, chemicals, and impact
- **Smooth, uniform finishes** with excellent color retention and gloss
- **Versatile applications** across architectural, automotive, industrial, and consumer products
- Available in **Epoxy Polyester** and **Pure Polyester** variants to suit indoor and outdoor requirements

Whether you're looking to enhance product longevity or elevate visual appeal, **Luxor Shield** is your trusted solution for performance-driven coating.

Luxor Shield™ – Protects your product from corrosion, weathering, and daily wear, while delivering a flawless, lasting finish.

## INDUSTRIES & PRODUCT APPLICATIONS

At SHREE COLOR COATS, we deliver powder coating solutions that combine strength, style, and durability. Whether you're enhancing aesthetics or improving the performance of metal surfaces, our coatings are tailored to meet the demands of a wide range of industries and applications.

---

### Industries We Serve

Our powder coating expertise extends across multiple sectors, including:

- Automotive
- Architecture & Construction
- Furniture & Home Décor
- Appliances
- Retail Fixtures
- Industrial Equipment
- General Manufacturing

### PRODUCTS WE COAT

We provide professional powder coating services for a wide variety of products, such as:

- Steel Doors & Fire Doors
- Cleanroom Doors & Shaft Doors
- Electrical Cabinets & EB Boxes
- Fire Hose Boxes
- Aluminium Doors & Windows
- UPVC and Aluminium Panels
- Stainless Steel (SS) & Galvanized Iron (GI) Components
- Cable Trays & Storage Racks
- Furniture Items
- Medical & Laboratory Equipment

### OUR VALUABLE CUSTOMERS

1. VR Industries
2. Excel Engineering
3. Brite Products
4. Amaravathi Industries
5. Dhanasekaran Industries
6. Pennar Industrie Pvt Ltd,
7. KONE Elevators
8. Globe Engineering
9. Fabrimech Engineers Pvt Ltd.
10. Kocon India Pvt Ltd.
